ABOUT

Sunil is a Bengaluru-based professional emcee who hosts corporate events, conferences, award nights and premium weddings across four languages. Before the microphone, he spent 18 years running large-scale operations and programmes for global companies including **VMware, Stripe and Elanco** — an IIM Calcutta-credentialed background that means he reads a room, runs a tight run-of-show, and handles a live stage with the same composure he brought to the boardroom.

That blend is his signature — the polish a corporate stage demands and the warmth a wedding deserves. No script he can't carry, no crowd he can't move.

WHAT HE HOSTS

- **Corporate** — town halls, annual kick-offs, sales conferences, product launches, award & R&R nights, panels and moderation
- **Weddings** — sangeet, reception, mehendi and full multi-function hosting, including mixed-culture and multilingual celebrations
- **Languages** — English • Hindi • Tamil • Kannada (hosts live across all four)

WHY ORGANISERS BOOK HIM

- **Boardroom reliability.** 18 years running corporate programmes — your run-of-show is in safe hands.
- **True four-language range.** One host for a diverse Indian crowd, switching seamlessly — no translation gaps.
- **Corporate + celebration in one.** Equally at home at a CEO town hall and a reception dance floor.
- **Prepared, every time.** Briefing call, custom script, rehearsal — nothing left to chance.
